

INLINE® SLIM RJ45 CABLE FOR WINDOWS/DOOR USE, 2X RJ45 F/F, 1:1, UNSHIELDED, 0.3M

The practical InLine® patch cable window conduit is to simply establish a temporary network connection through closed windows or doors. The ultra-thin design of the cable between the two connectors adapts to the shape between window wings and their frames and is simply clamped.

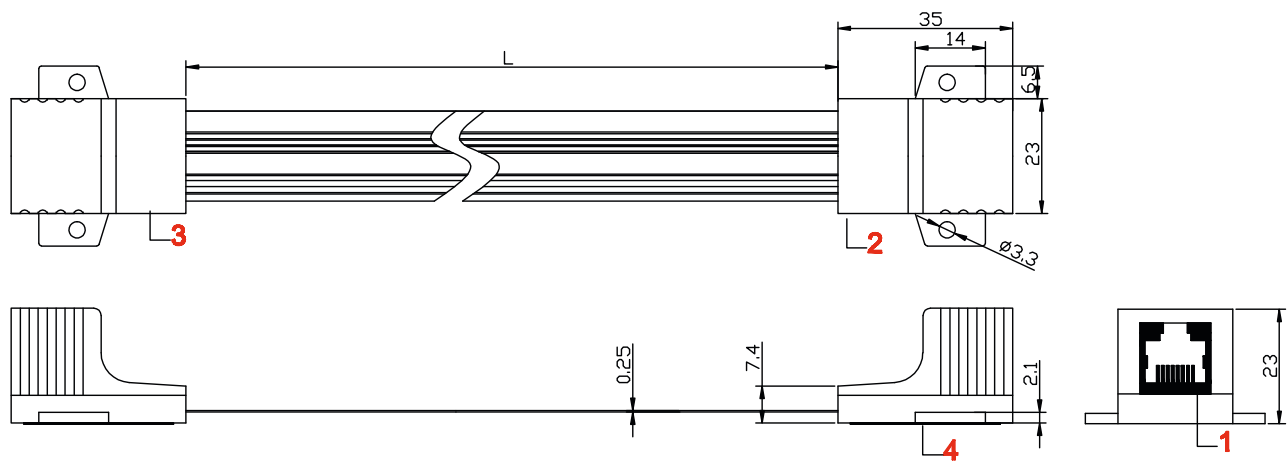

- 2x RJ45 socket
- unshielded connection 1:1 (8-pin)
- can be used for network connections up to 100Mb/s

Technical Data

Brand:	InLine®
Colour:	Orange
Design:	Flat cable slim
Height article:	2.300 cm
Length:	0.30 m
Length article:	34.000 cm
Manufacturer No.:	699911
Patch cable category:	Cat.6A
PoE/PoE+/PoE++:	No
Shielding:	U/UTP
Side A:	RJ45 socket
Side B:	RJ45 female
Signal:	Network
Type of packaging:	InLine® Header with Euro perforation
UL:	No
Width article:	3.800 cm

EAN: 4043718255207
ART.-NR.: 699911
